

About CMC

The **Community Music Center (CMC)** is a program of Portland Parks & Recreation in partnership with the nonprofit corporation Community Music Center, Inc. For almost 60 years the Center has achieved its goal of full access to high quality musical activities, especially for those who otherwise do not have the means to afford them.

Funds raised by the nonprofit (CMC, Inc.) allow the Center to offer affordable music classes and lessons, free and low-cost concerts and workshops, low-cost instrument rentals, and other music related resources.

Parents say that students at CMC show more **self-confidence**, better **listening** skills, increased **attention** spans, **academic** improvement, and greater **participation** in the community.
