Musicianship Exemption Form - CMC String Program for Youth

Dear CMC Parent,

The String Lesson Program for Youth has a long tradition of excellence, due in part to the important expectation that all students in the program receive a well-rounded music education. CMC requires all students to take a *music skills* or *performance* class at CMC, as outlined on the pre-registration form you signed. Exemptions to this requirement can be made for students who are engaged in outside musical enrichment activities that enhance the success of the instrumental lessons at CMC.

If you feel your student is receiving a strong music education through CMC in combination with an outside educational program, please provide the following information for verification. You will be contacted only if there is a problem with your request. Thank you for your cooperation, and have a great year of music!

Sincerely,

Rachel Telesmanick
Associate Director

Student's name _____ Home Phone _____

CMC String Instructor (if known) _____ Date _____

What other program is providing your child a well-rounded music education?

MYS PYP/PYCO OPAYCO Other*
